Rekrutmen

Pencarian & Penerimaan Karyawan

UNTUK SIAPA

Untuk pemilik usaha yang lamarannya masuk berserakan lewat chat, email, dan tumpukan map. Cocok bila Anda mencari staf kantor sekaligus tukang dan pekerja lapangan.

Tiga hal yang diselesaikan

1

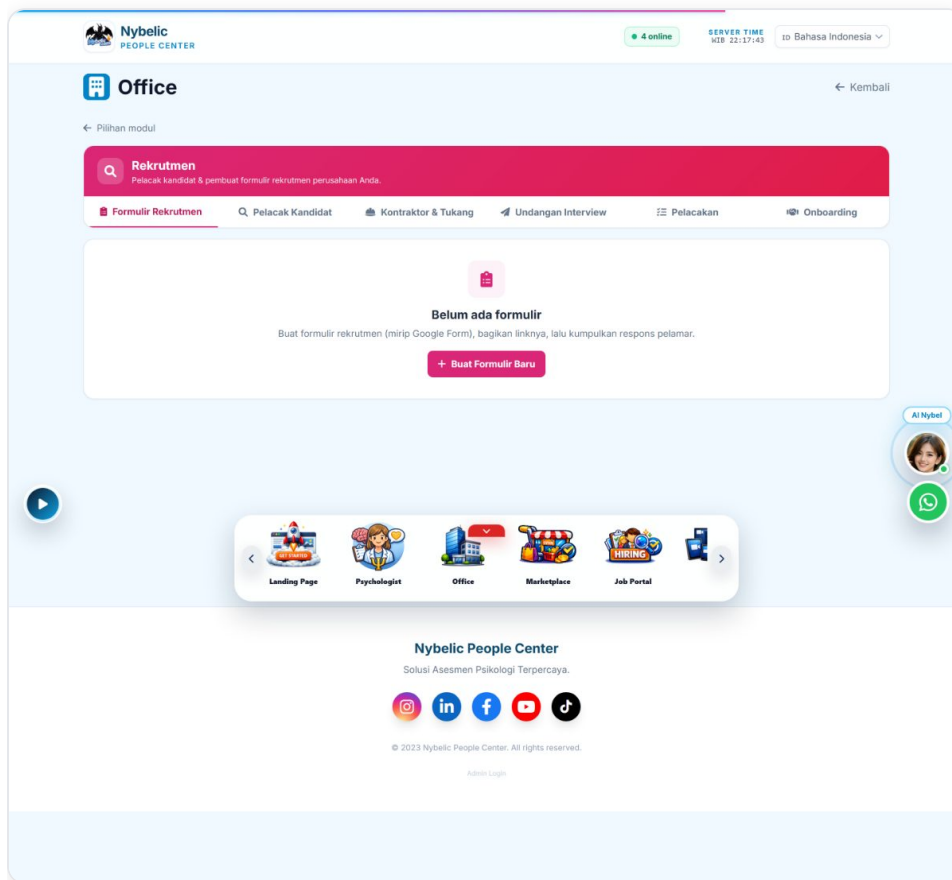

Berkas lamaran tercecer di WhatsApp, email, dan map — tidak ada satu daftar.

2

Undangan interview diketik ulang satu per satu, sering salah jam atau salah alamat.

3

Setelah interview, tak ada yang ingat pelamar mana yang sudah dikabari.

CARA KERJA

Anda susun formulir lamaran sendiri lalu bagikan tautannya; pelamar mengisi dan mengunggah CV, jawabannya masuk ke satu daftar dan bisa diunduh ke Excel. Untuk mencari orang, ada tautan pencarian siap klik ke LinkedIn, Facebook, Instagram, dan Google Maps, plus tempat mencatat nomor dan alamat mereka. Undangan interview dan surat diterima cukup diisi jam dan alamatnya, lalu dikirim lewat WhatsApp atau email; tiap nama berjalan dari Diundang sampai Diterima.

HASILNYA

Satu daftar berisi semua pelamar, lengkap dengan berkasnya dan posisi terakhirnya.

Formulir Rekrutmen & Pelacak Kandidat — Formulir Lamaran

The screenshot shows the 'Rekrutmen' (Recruitment) section of the Nybelic People Center. The header includes the Nybelic logo, '14 online' status, server time, and language settings. The main navigation bar has options: 'Formulir Rekrutmen', 'Pelacak Kandidat', 'Kontraktor & Tukang', 'Undangan Interview', 'Pelacakan', and 'Onboarding'. The central area displays a message: 'Belum ada formulir' (No forms yet) with a subtext 'Buat formulir rekrutmen (mirip Google Form), bagikan linknya, lalu kumpulkan respons pelamar.' (Create a recruitment form (like Google Form), share the link, then collect applicant responses.) and a '+ Buat Formulir Baru' (Create New Form) button. A bottom navigation bar features icons for 'Landing Page', 'Psychologist', 'Office', 'Marketplace', and 'Job Portal'. A chat window for 'AI Nybel' is visible on the right.

Formulir Rekrutmen & Pelacak Kandidat — Pencarian Tukang & Kontraktor

The screenshot shows the 'Kontraktor & Tukang' (Contractor & Worker) search page. The header and navigation bar are consistent with the previous page. The main search area includes a 'Jenis kontraktor / pertukangan' (Contractor / Trade) dropdown with a list of categories like 'Kontraktor Bangunan', 'Tukang Kayu', 'Tukang Las', etc., and a 'Lokasi (kota / area)' (Location) dropdown with 'cth: Jakarta, Bandung, Surabaya'. A 'Cari' (Search) button is present. Below the search filters, there is a 'Catatan Kontak (WhatsApp & Alamat)' (Contact Note (WhatsApp & Address)) section with a table for recording contact details. The table has columns for 'Nama / usaha' (Name / Business), 'Jenis' (Type), 'No. WhatsApp', 'LinkedIn', 'Alamat' (Address), and 'Catatan' (Notes). A '+ Simpan' (Save) button is at the bottom right of the table. A bottom navigation bar and a chat window for 'AI Nybel' are also visible.
